Why choose me?

Andrew Buchan

Partner

"Andrew's experience in regards financial/ business planning is second to none. He has been our financial mentor for over 15 years and acted as a catalyst for our strong finances and start-up businesses over this period. During our relationship Andrew has shared his experience and knowledge candidly.

His insight, intelligence and positive attitude has helped me handle specific challenges like succession, business finance, cash flow management and business planning with greater ease.

Basically Andrew and his team quickly get to the heart of the matter in a manner that is energizing plus productive. Thereafter they implement for results."

M Meek

"We engaged Andrew to provide financial advice and guidance in relation to investment. There are so many different options and Andrew came up with a plan with which we felt comfortable and this can be difficult when dealing with money. We have been very happy with the advice and recommendations, largely due to the fact that at no stage was there any pressure to buy a particular product or for us to accept all the recommendations.

Andrew keeps in touch and when we recently had a change in circumstances he took the time to review our plan and because of his detailed explanations (in simple language that we understand) provided a level of comfort that we are still on track."
